

STORAGE AUCTION

FRIDAY JULY 28TH 10:00AM

FOR IMMEDIATE RELEASE

"Self Storage Auction to Take Place on JULY 28TH"

A self storage auction is set to take place on FRIDAY, JULY 28TH at 10:00 AM, offering a unique opportunity to purchase units filled with mystery contents. The site is Mister Space Self Storage, 2972 W. Swain Rd., Stockton, CA 05219

The process of purchasing a unit is simple, just make sure to arrive 15-20 minutes prior to the auction to sign in and bring along a photo ID for verification purposes. Cash is the only accepted form of payment, so be sure to bring enough to cover the cost of the unit(s) you buy, as well as a \$100 refundable buyer deposit.

In addition to photo ID and payment, it is recommended to bring a flashlight to inspect the contents of the units and a padlock in case you win a unit. If you forget to bring your own padlock, don't worry - locks will be available for sale on-site.

The auctioneer will provide a brief overview of the rules before opening the door to the first unit for inspection. Inspections are for looking only and the contents inside must not be touched. The auction will then begin and the highest bidder wins. This process will be repeated for each unit until all have been sold.

After the auction is complete, the successful bidders will have their ID photocopied, their phone number will be verified, and they will pay the purchase price, sales tax, and buyer deposit. Don't forget to bring a paper copy of your reseller's permit if you wish to claim tax exempt status.

Bidders will have until noon the following day to completely empty the unit, and if more time is needed, you may speak with the manager. When the unit(s) are empty, the \$100 deposit will be returned.

For any further questions or information, please call 209.476.0800 or email mrspacestorage@comcast.net.
